**Hydraforce Hydraulic L.L.C. (Dubai)**  
**Hydraforce Services L.L.C. (Dubai)**  
**Hydraforce Pte Ltd. (Singapore)**

## *We introduce ourselves as Hydraulic Solution provider*

**HYDRAFORCE** was established in 2004 as a hydraulic engineering product & service company by a team of highly experienced Industry trained hydraulic engineers to cater the fast growing needs of oil hydraulics and related electrical control systems in the Industrial, Dredging, Marine, Offshore, Oil & Gas sectors.

In the last 7 years, **HYDRAFORCE** has grown 100% each year demonstrating the capabilities and proved as qualified Sales/ Service partners who promptly & efficiently meet the requirements within stipulated time periods.

- Sales of Hydraulic Components
- Refurbishment of Hydraulic Equipment and System Control
- Field Service and project execution
- Comprehensive Workshop Facilities
- Hydraulic Project Design, Project Management and Implementation
- Control System Design, Project Management & Implementation
- Component Diagnosis, System Failure Diagnosis and Testing facilities
- Extensive Hydraulic System Design capabilities
- Turnkey piping design, supply, installation, Pressure testing and flushing.
- Fluid Analysis, Filtration, Conditioning and Flushing

**HYDRAFORCE** has an in-house design centre & uses up to date design and drawing programs. The complete hydraulic and electric control systems are designed and built using our own experience and in close co-operation with End users & OEM's .The rules of classification institutes are often used as a guideline.

**HYDRAFORCE** team of service engineers, project engineers, electronic engineers and skilled technicians stands at disposal for any field requirement in Hydraulic service calls equipped with the equipments, diagnostic tools for any locations in GCC & other Asian countries.

**HYDRAFORCE** products are produced through close co-operation with a small number of fixed and qualified business partners in heavy engineering works. All components for the systems are pre-assembled in the own workshop and tested on pressure and functionality, before shipment to the customer.

For our best work practices, **HYDRAFORCE** has received ISO 9001-2008 certification for

## **Engineering, Trade, Maintenance & Assembly of hydraulic equipments for Industrial, Marine & Offshore sectors.**

*HYDRAFORCE has business partners for Hydraulic products from world's prominent and trusted suppliers like:*

### **Yuken Hydraulics**

We represent Yuken for their complete product range of pumps, valves, cylinders & hydraulic motors.

### **RMF Filtration System, Netherlands**

We represent RMF for their complete range of Filtration solutions.

### **HYDROTECHNIK, United Kingdom**

We are sole distributors of Hydrotechnik Flow meters, Filters, Filter elements, Particle counting machines and other contamination control products.

### **BIERI, Switzerland**

We are authorized stockiest and service partners for BEIRI high pressure products like Pumps, Valves, Pressure switches, Oil level switches to suit any hydraulic application up to 10000 psi.

### **NINGBO HANSHANG, Prc**

We stock Ningbo make hydraulic Components used in industrial hydraulic applications.

### **LARZEP HYDRAULIC**

We are authorized stockiest and service partners for Larzep.

Product Range:

Hand Pumps up to 14000psi, power packs up to 10000psi, Air Hydraulic pumps, Petrol and Air hydraulic pumps, Single acting and Double acting hydraulic jack cylinders up to 880 Tones capacity, Flat and low weight single acting jacks up to 220 tones, Pull cylinders up to 50Tonnes, Hydraulic presses, heavy duty hydraulic remote control jacks in lifting platforms, High pressure flow control valves, Directional control valves, Hydraulic chain cutters, Hydraulic cable cutters, Nut splitters, Hydraulic pullers, Spread cylinders, Dynamometers & Load cells, Hydraulic Toe jacks, High pressure Hydraulic fittings, Etc.

### **CONTARINI – Italy**

We are authorized distributor of hydraulic cylinder components and cylinder accessories.

### **HYDRASUN - Spain**

We are authorized distributor fluid connectors, hoses, fittings, instrumentation and process control products to a wide range of industry sectors.

### **GS-HYDRO - Finland**

We represent GS-HYDRO for their products including non-welded piping solutions for hydraulic application.

# Hydraforce Group

**Hydraforce Hydraulic L.L.C. (Dubai)**

**Hydraforce Services L.L.C. (Dubai)**

**Hydraforce Pte Ltd. (Singapore)**

HYDRAFORCE is focussed to see ourselves and be recognized as:

- Maintaining high customer satisfaction through performance of our products, prompt delivery and high quality of after sales service support.
- Preferred provider of technical services and precision products in the field of hydraulics.
- Diverse team of talented professionals with expertise in selected market section.
- Employer of choice, fostering a culture that values dedication, respect, and continuous improvement.

HYDRAFORCE Service Center offers **TWENTY-FOUR (24) hours:**

- Peace of mind for your fluid power system after in-depth consultation or machine audit.
- Customer can compile a service package tailored to the system needs whether it is support of existing in-house maintenance or sub-contracting the complete maintenance package, HYDRAFORCE will find the best solution for our customer.
- Customer Machine Audit and System Inspection and Complete Engineering Technical Report and developing a strategic partnership with our customer in improving their plant economics with the products and services we offer.
